PROXY STATEMENT

IMPORTANT INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

Why is the Company soliciting my proxy?

The Board of Directors (the "Board") of Surgery Partners, Inc. ("Surgery Partners," the "Company," "we," "us" or "our") is soliciting your proxy to vote at the 2022 annual meeting of stockholders (the "Annual Meeting") to be held at our corporate headquarters located at 310 Seven Springs Way, Suite 500, Brentwood, Tennessee 37027, on Thursday, May 19, 2022, at 8:00 a.m. Central Daylight Time (CDT) and any adjournments of the Annual Meeting.

What materials is the Company providing and how do I receive such materials?

This Proxy Statement, the proxy card and our Annual Report to Stockholders for the year ended December 31, 2021 (the "Annual Report to Stockholders") are being made available to you on the internet instead of mailing a printed copy of these materials to each stockholder. The Notice of Internet Availability of Proxy Materials (the "Notice of Internet Availability") is scheduled to be distributed on or about April 7, 2022. The Notice of Internet Availability contains instructions as to how stockholders may access and review the proxy materials on the internet, including information about how stockholders may submit proxies by telephone or over the internet. You will not receive a printed or email copy of these materials unless you make such a request by following the instructions on the Notice of Internet Availability.

What proposals will be voted on at the Annual Meeting?

There are three proposals scheduled to be voted on at the Annual Meeting:

- the election of the three Class I director nominees named in this Proxy Statement for a three-year term (Proposal 1);
- the approval, on an advisory basis, of the compensation paid by the Company to its named executive officers (Proposal 2); and
- the ratification of the Audit Committee's appointment of Deloitte & Touche LLP ("Deloitte") as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2022 (Proposal 3).

What is the Board's voting recommendation?

The Board recommends that you vote your shares **"FOR"** the election of the three Class I director nominees named in this Proxy Statement, **"FOR"** the approval, on an advisory basis, of the compensation paid by the Company to its named executive officers, and **"FOR"** the ratification of the Audit Committee's appointment of Deloitte as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2022.

If you submit a proxy but do not indicate any voting instructions, your shares will be voted **"FOR"** the election of the three Class I director nominees named in this Proxy Statement, **"FOR"** the approval, on an advisory basis, of the compensation paid by the Company to its named executive officers, and **"FOR"** the ratification of the Audit Committee's appointment of Deloitte as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2022.

What is the quorum requirement for the Annual Meeting?

The quorum requirement for holding the Annual Meeting and transacting business is a majority of the voting power of the outstanding shares entitled to be voted and present at the meeting. The shares may be present or represented by proxy at the Annual Meeting. Both abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

What shares owned by me can be voted at the Annual Meeting?

All shares owned by you as of the close of business on March 30, 2022 (the "Record Date") may be voted. You may cast one vote per share of common stock that you held on the Record Date. These include shares that are: (1) held directly in your name as the

stockholder of record, and (2) held for you as the beneficial owner through a stockbroker, bank or other nominee. On the Record Date, the Company had 89,904,913 shares of common stock issued and outstanding.

What is the difference between holding shares as a stockholder of record and as a beneficial owner?

Most stockholders of the Company hold their shares through a broker, bank or other nominee rather than directly in their own name. As summarized below, there are some differences between shares held of record and those owned beneficially.

Stockholder of Record

If your shares are registered directly in your name with the Company's transfer agent, Computershare, Inc. (a subsidiary of Computershare Trust Company, N.A.), you are the stockholder of record with respect to those shares, and the proxy materials are being sent directly to you. As the stockholder of record, you have the right to direct your vote by proxy or to vote in person at the Annual Meeting.

Beneficial Owner

If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner and these proxy materials are being forwarded to you by your broker, bank or nominee who is the stockholder of record with respect to such shares. As the beneficial owner, you are invited to attend the Annual Meeting. You also have the right to direct your broker on how to vote these shares. Your broker or nominee should have enclosed a voting instruction card for you to direct your broker or nominee how to vote your shares. However, shares held in "street name" may be voted in person by you only if you obtain a signed proxy from the record holder (stock brokerage, bank or other nominee) giving you the right to vote the shares.

How can I vote my shares at the Annual Meeting?

If you choose to vote your shares in person at the Annual Meeting, please bring proof of ownership of the Company's common stock on the Record Date, such as the legal proxy, voting instruction card provided by your broker, bank or nominee, or a proxy card as well as proof of identification. Even if you plan to attend the Annual Meeting, the Company recommends that you vote your shares in advance as described below so that your vote will be counted if you later decide not to attend the Annual Meeting.

How can I vote my shares without attending the Annual Meeting?

Whether you hold your shares directly as the stockholder of record or beneficially in "street name," you may direct your vote without attending the Annual Meeting by proxy. You can vote by following the instructions on the Notice of Internet Availability which includes information about how stockholders may submit proxies by telephone or over the internet. Alternatively, upon request, you can vote by proxy by mail via a proxy card by marking your selections on the proxy card, dating and signing your name exactly as it appears on the proxy card and mailing the proxy card in the pre-paid envelope that will be provided to you. Mailed proxy cards must be received no later than May 18, 2022 in order to be counted for the Annual Meeting.

If you are a beneficial owner, follow the instructions on the voting instruction card provided by your broker, bank or other intermediary. We urge you to review the proxy materials carefully before you vote.

Can I revoke my proxy or change my vote?

You may revoke your proxy or change your voting instructions prior to the vote at the Annual Meeting. You may enter a new vote by mailing a new proxy card or new voting instruction card bearing a later date (which will automatically revoke your earlier voting instructions). Your new vote must be received by 11:59 p.m. CDT on May 18, 2022. You may also enter a new vote by attending the Annual Meeting and voting during the meeting. Your attendance at the Annual Meeting will not cause your previously granted proxy to be revoked unless you specifically so request.

How are votes counted?

For Proposal 1, your vote may be cast "FOR" each Class I director nominee, or you may "WITHHOLD" from voting. Shares voting "WITHHOLD" have no effect on the election of directors.

For Proposals 2 and 3 your vote may be cast "FOR" or "AGAINST" or you may "ABSTAIN." If you "ABSTAIN" on one of these proposals, it has no effect on the outcome.

How are abstentions and broker non-votes treated for determining a quorum and counting votes?

Any shares represented by proxies that are marked to "ABSTAIN" from voting on a proposal will be counted as present in determining whether we have a quorum. They will also be counted in determining the total number of shares entitled to vote on a proposal. Abstentions will not be counted as votes "FOR" or "AGAINST" any proposal, and accordingly are not counted for purposes of determining the number of votes cast on any proposal.

If your shares are held in "street name" and you do not instruct your broker on how to vote your shares, your broker, in its discretion, may either leave your shares unvoted or, on routine matters, may use its discretionary authority to vote your shares. If your broker returns a proxy card but does not vote your shares, this results in a "broker non-vote." Generally, broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a particular proposal because (i) the broker has not received voting instructions from the beneficial owner and (ii) the broker lacks discretionary voting power to vote such shares.

Proposal 1 (election of the three Class I director nominees) and Proposal 2 (approval, on an advisory basis, of the compensation paid by the Company to its named executive officers) are considered non-routine matters, and without your instruction, your broker cannot vote your shares on those proposals. Proposal 3 (ratifying the appointment of our independent registered public accounting firm) is considered a routine matter for which your broker has discretionary authority to vote your shares. As a result, broker non-votes with respect to any proposal will be treated as shares present for purposes of determining a quorum at the Annual Meeting. Broker non-votes will not be counted as votes "FOR" or "AGAINST" any proposal, and accordingly are not counted for purposes of determining the number of votes cast on any proposal. Therefore, broker non-votes will have no effect on the outcome of any proposal.

What is the voting requirement to approve each of the proposals?

Proposal 1, Election of Director Nominees: Under our plurality voting standard, the three nominees for director who receive the most votes will be elected. Therefore, if you do not vote for a nominee, or you "WITHHOLD" your vote for a nominee, your vote will not count either "FOR" or "AGAINST" the nominee. Abstentions and broker non-votes will have no effect on the outcome of voting for directors.

Proposal 2, Advisory Vote on Executive Compensation: Under our majority voting standard, the approval, on an advisory basis, of the compensation paid by the Company to its named executive officers requires that the number of votes properly cast "FOR" the proposal (and present, in person or by proxy, at the Annual Meeting) exceed the number of votes cast "AGAINST" the proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

Proposal 3, Ratification of the Audit Committee's Appointment of Independent Registered Public Accounting Firm: Under our majority voting standard, the ratification of the Audit Committee's appointment of Deloitte as our independent registered public accounting firm for fiscal year 2022 requires that the number of votes properly cast "FOR" the proposal (and present, in person or by proxy, at the Annual Meeting) exceed the number of votes cast "AGAINST" the proposal. Abstentions will have no effect on the outcome of this Proposal 3. Brokers, banks and other nominees have discretionary voting power with respect to this proposal, and therefore we do not expect broker non-votes with respect to this proposal.

Where can I find the voting results of the Annual Meeting?

We will announce preliminary voting results at the Annual Meeting and publish preliminary, or final results if available, in a Current Report on Form 8-K within four business days of the Annual Meeting. If final results are unavailable at the time we file the Form 8-K, then we will file an amended report on Form 8-K to disclose the final voting results within four business days after the final voting results are known.

What happens if additional proposals are presented at the Annual Meeting?

Other than the three proposals described in this Proxy Statement, we do not expect any matters to be presented for a vote at the Annual Meeting. If other matters are properly presented to the stockholders for action at the Annual Meeting or any adjournments or postponements thereof, it is the intention of the persons named as proxy holders in the proxy card (J. Eric Evans, our Chief Executive Officer, and Jennifer B. Baldock, our Executive Vice President and Chief Administrative and Development Officer) to vote in their discretion on all matters on which the shares represented by such proxy are entitled to vote. If for any unforeseen reason, any of the Company's nominees is not available as a candidate for director, the persons named as proxy holders will vote your proxy for such other candidate(s) as may be nominated by the Board.

Who will count the vote?

An inspector of election will be appointed to, among other things, tabulate all votes and certify the results.

Is my vote confidential?

Proxy instructions, ballots and voting tabulations that identify individual stockholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within Surgery Partners or to third parties except (i) as necessary to meet applicable legal requirements, (ii) to allow for the tabulation of votes and certification of the vote and (iii) to facilitate a successful proxy solicitation by the Board. Additionally, we will forward to management any written comments you provide on a proxy card or through other means.

Who will bear the cost of soliciting proxies for the Annual Meeting?

The Company will pay the entire cost of soliciting proxies for the Annual Meeting, including costs for mailing the Notice of Internet Availability, mailing printed proxy materials upon request, and the solicitation of proxies. We have retained Computershare, Inc. to assist us with the distribution of the proxies and will pay their expenses. We will also reimburse brokers or nominees for the expenses that they incur for forwarding the proxies.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth information relating to the beneficial ownership of our common stock as of March 30, 2022 (except as otherwise indicated below), by:

- each person, or group of affiliated persons, known by us to beneficially own more than 5% of our outstanding shares of common stock;
- each of our named executive officers;
- each of our directors and nominees; and
- all of our executive officers and directors as a group.

Information with respect to beneficial ownership in the following table is based on the Company's review of information furnished by or on behalf of each director, officer, or beneficial owner of more than 5% of our common stock and filed with the Securities and Exchange Commission ("SEC"). Beneficial ownership is determined in accordance with SEC rules. The information in the following table does not necessarily indicate beneficial ownership for any other purpose. In general, under SEC rules, a beneficial owner of a security includes any person who, directly or indirectly, through any contract, arrangement, understanding, relationship or otherwise has or shares voting power or investment power with respect to such security. A person is also deemed to be a beneficial owner of a security if that person has the right to acquire beneficial ownership of such security within 60 days.

The percentage of shares of common stock beneficially owned is computed on the basis of 89,904,913 shares of common stock outstanding as of March 30, 2022. Shares of common stock that a person has the right to acquire within 60 days of March 30, 2022 are deemed outstanding for purposes of computing the percentage ownership of such person's holdings, but are not deemed outstanding for purposes of computing the percentage ownership of any other person, except with respect to the percentage ownership of all directors and executive officers as a group. Except as otherwise indicated below, and subject to applicable community property laws, we believe, based on information furnished by such persons, the persons named in the table have sole voting and investment power with respect to all shares of common stock held by that person.

Such persons are required by regulation of the SEC to furnish us with copies of all Section 16(a) forms they file. PROPOSAL NO. 1: ELECTION OF DIRECTORS

In accordance with the Company's Amended and Restated Certificate of Incorporation (the "charter") and Amended and Restated Bylaws (the "bylaws"), the Board is divided into three classes of approximately equal size. The members of each class are elected to serve a three-year term with the term of office of each class ending in successive years. John A. Deane, Teresa DeLuca, M.D. and Wayne S. DeVeydt are Class I directors whose terms expire at the Annual Meeting.

Dr. DeLuca and Messrs. Deane and DeVeydt have been nominated for and have agreed to stand for re-election as Class I directors. The Class I directors will serve a term of three years and until his or her successor is duly elected and qualified or until his or her death, resignation or removal, whichever is earliest to occur. The three nominees for director with the highest number of affirmative votes will be elected as Class I directors. Except with respect to broker non-votes, unless you otherwise instruct, proxies will be voted for election of the nominees listed above as director nominees. The Company has no reason to believe that any nominee will be unable to serve, but in the event that a nominee is unwilling or unable to serve as a director and the Board does not, in that event, choose to reduce the size of the Board, the persons voting the proxy may vote for the election of another person in accordance with their judgment.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE "FOR" EACH OF THE ABOVE-NAMED NOMINEES FOR CLASS I DIRECTORS.

CORPORATE GOVERNANCE

Our Board currently consists of ten directors. At each annual meeting of stockholders, a class of directors will be elected for a three-year term to succeed the directors of the same class whose terms are then expiring. The division of the three classes and their respective election dates are as follows:

- the Class II directors' term will expire at the annual meeting of stockholders to be held in 2023;
- the Class III directors' term will expire at the annual meeting of stockholders to be held in 2024; and
- the Class I directors' term will expire at the annual meeting of stockholders to be held in 2025.

Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. The division of our Board into three classes with staggered three-year terms may delay or prevent a change of our management or a change in control.

Our charter provides that directors will be elected at the annual meeting of the stockholders and each director elected will hold office until his or her successor is elected and qualified. The size of the Board shall be determined by, and vacancies and newly created directorships on the Board shall be filled by, either the affirmative vote of holders of a majority of our then outstanding capital stock of the Company entitled to vote generally in the election of directors (the "Voting Stock") or the vote of a majority of the directors then on the Board. However, on or after the date (the "Trigger Date") that the investment funds affiliated with Bain Capital Private Equity, LP ("Bain Capital Private Equity") and their successors, transferees and affiliates cease collectively to beneficially own 50% or more of the then outstanding Voting Stock, (i) the size of the Board shall be determined exclusively by a majority of the directors then in office and (ii) vacancies and newly created directorships on the Board shall be filled exclusively by a majority of the directors then in office, even if less than a quorum, or by a sole remaining director, except in each case, that any vacancy created by the removal of a director by the stockholders for cause shall only be filled, in addition to any other vote otherwise required by law, by vote of a majority of the then outstanding Voting Stock.

Director Independence

We are a "controlled company" under the listing standards of The Nasdaq Stock Market LLC ("Nasdaq"). As a "controlled company," we may elect to not comply with certain governance requirements, including the requirements to (i) have a majority of independent directors, (ii) maintain a compensation committee composed entirely of independent directors and (iii) maintain a corporate governance and nominating committee composed of independent directors or have the responsibilities that would otherwise be undertaken by a corporate governance and nominating committee undertaken solely by the independent directors of the board of directors. We currently avail ourselves of these available exemptions.

Accordingly, our stockholders will not have the same protections afforded to stockholders of companies that are subject to all of the Nasdaq corporate governance requirements and the ability of our independent directors to influence our business policies and affairs may be reduced. When we cease to be a "controlled company," we will be required to comply with these provisions within the transition periods specified in Nasdaq rules.

The Board has reviewed the independence of our directors based on the corporate governance standards of Nasdaq. Based on this review, the Board determined that each of Drs. DeLuca and Maryland and Messrs. Deane and Turner is independent within the meaning of the corporate governance standards of Nasdaq. In making this determination, our Board considered the relationships that each of these non-employee directors has with the Company and all other facts and circumstances our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock held by each non-employee director. As required under applicable Nasdaq rules, our independent directors will meet in regularly scheduled executive sessions at which only independent directors are present.

These exemptions do not modify the independence requirements for our Audit Committee, and we comply with the applicable requirements of the Sarbanes-Oxley Act and Nasdaq rules with respect to our Audit Committee. See "Committees of the Board - Audit Committee."

Board Leadership Structure

Our bylaws provide maximum flexibility to the Board in choosing a Chairman of the Board and a Chief Executive Officer. The bylaws provide that such offices may be held by different people or the same person, as determined by the Board. This flexibility allows the Board to determine whether it is in the best interest of the Company and our stockholders to combine the roles of Chief Executive Officer and Chairman of the Board in the same person. The roles of Chief Executive Officer and Chairman of the Board are currently separate. Mr. DeVeydt, our former Chief Executive Officer, was appointed by the Board to serve as Executive Chairman of the Board in January 2020. The Board determined that Mr. DeVeydt's experience as our former Chief Executive Officer gives him a unique and relevant perspective to serve as our Executive Chairman.

Selection of New Directors

The Board is responsible for selecting its own members for election by the stockholders with direct input from the Chief Executive Officer. It is the opinion of the Board that directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's stakeholders. The Board believes that each director should possess a combination of skills, professional experience and diversity of viewpoints necessary to oversee the Company's business. In addition, it believes that there are certain attributes that every director should possess, as reflected in its membership criteria. Accordingly, the Board considers the qualifications of directors and director candidates individually and in the broader context of its overall composition and the Company's current and future needs. Among other things, the Board has determined that it is important to have directors with the following skills and experiences: leadership experience, as directors with experience in significant leadership positions possess strong abilities to motivate and manage others and to identify and develop leadership qualities in others; knowledge of the Company's industry, particularly physician and patient relations, which is relevant to understanding the Company's business and strategy; operations experience, as it gives directors a practical understanding of developing, implementing and assessing the Company's business strategy and operating plan; risk management experience, which is relevant to oversight of the risks facing the Company's business; financial/accounting experience, particularly knowledge of finance and financial reporting processes, which is relevant to understanding and evaluating the Company's capital structure, financial statements and reporting requirements; and strategic planning experience, which is relevant to the Board's review of the Company's strategies and monitoring their implementation and results.

The Board also requires that each director be able to dedicate sufficient time to ensure the diligent performance of his or her duties on the Company's behalf, including attending all Board and applicable committee meetings. In general, the Board does not have a policy limiting the number of other public company boards of directors upon which a director may sit. However, the Board will consider the number of other boards of directors (or comparable governing bodies), particularly with respect to public companies, on which a prospective nominee is a member. Although the Board does not impose a limit on outside directorships, it does recognize the substantial time commitments attendant to membership on the Board and expects that directors devote all such time as is necessary to fulfill their accompanying responsibilities, both in terms of preparation for, and attendance and participation at, meetings.

Board Meeting Attendance

Under our Corporate Governance Guidelines, directors are expected to attend all Board meetings and meetings of the committees of the Board on which they serve, as well as annual meetings of stockholders. During 2021, there were eight meetings of our Board. No current director attended fewer than 75% of the aggregate of (i) the total number of meetings of the Board and (ii) the total number of meetings of committees of the Board for the period during which the director served on the Board or such committee in 2021. All directors who served on the Board at the time of the 2021 annual meeting of stockholders attended the meeting.

Board's Role in Risk Oversight

Our Board, as a whole and through its committees, has responsibility for the oversight of risk management. In its risk oversight role, our Board has the responsibility to satisfy itself that the risk management processes designed and implemented by management are adequate and functioning as designed. Our Board, primarily through its Audit Committee, oversees an enterprise-wide approach to risk management, designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value.

Oversight of COVID-19 Response Efforts

The COVID-19 pandemic has significantly affected our facilities, employees, patients, communities, business operations and financial performance, as well as the United States economy and financial markets. The impact of the COVID-19 pandemic on our surgical facilities varies based on the market in which the facility operates, the type of surgical facility and the procedures typically performed. Although we cannot provide any certainty regarding the length and severity of the impact of the COVID-19 pandemic, which is difficult to predict and is dependent on factors beyond our control, we saw improvement in surgical case volumes as states re-opened and allowed for non-emergent procedures. Our Board continues to be involved extensively in discussions with management about the risks presented to the Company by COVID-19 and its variants and to actively oversee management's efforts to both slow the spread of COVID-19 and its variants and address the negative financial impact on the Company. We are committed to protecting the health of the communities in which we operate and continue to take steps to provide quality care and protect the health and safety of patients, employees, providers and visitors.

Committees of the Board

We have an Audit Committee, a Compensation Committee and a Compliance and Ethics Committee with the composition and responsibilities described below. Each committee operates under a charter that is approved by our Board. The members of each committee are appointed by the Board and serve until their successor is elected and qualified, unless they are earlier removed or resign. In addition, from time to time, special committees may be established under the direction of the Board when necessary to address specific issues.

[Table of Contents](#)

Because we avail ourselves of certain exceptions applicable to "controlled companies" under Nasdaq rules, some responsibilities that would otherwise be undertaken by a nominating committee or solely by a majority of independent directors of the board of directors will be undertaken by the full board of directors, or, at its discretion, by a special committee established under the direction of the full board of directors. The controlled company exception does not modify the independence requirements for our Audit Committee and we comply with the audit committee requirements of the Sarbanes-Oxley Act and the rules of Nasdaq.

Audit Committee

We have a separately standing Audit Committee established in accordance with Section 3(a)(58)(A) of the Exchange Act. The purpose of the Audit Committee is set forth in the Audit Committee charter. The Audit Committee's primary duties and responsibilities are to:

- Appoint or replace, compensate and oversee the Company's independent auditor;
- Assist the Board with its oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications, independence and audits, and the performance of the Company's internal audit function and the independent auditor; and
- Prepare the report for inclusion in the Company's annual Proxy Statement as required by the rules of the SEC.

The Audit Committee is responsible for the appointment, compensation, retention, oversight and replacement, if necessary, of the Company's independent auditor. The Audit Committee pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed by the independent auditor. The Audit Committee reviews and discusses with management and the independent auditor the Company's annual audited and quarterly unaudited financial statements and the disclosures under the section entitled "Management's Discussion and Analysis of Financial Condition and Results of Operations" in the Company's annual and quarterly reports filed with the SEC, including disclosures of critical accounting policies therein. The Audit Committee also reviews and approves all related party transactions in accordance with Company policy and reviews matters related to the Company's related party transaction policy and the Company's system of internal control, its financial and critical accounting practices, and policies relating to risk assessment and management, including cybersecurity risks.

The Audit Committee currently consists of Brent Turner (chair), Teresa DeLuca, M.D. and John A. Deane. Mr. Turner is both an independent director and an "audit committee financial expert" within the meaning of Item 407 of Regulation S-K, and serves as chair of the Audit Committee. In addition, Dr. DeLuca and Mr. Deane are also independent directors within the meaning of Item 407 of Regulation S-K. The Audit Committee met seven times in 2021. A copy of the Audit Committee charter, which satisfies the applicable standards of the SEC and Nasdaq, is available on the "Investors - Highlights" page of our website at www.surgerypartners.com.

Compensation Committee

The purpose of the Compensation Committee is to assist the Board in fulfilling its responsibilities relating to oversight of the compensation of our directors, executive officers and other employees and the administration of our benefits and equity-based compensation programs. Our Board has adopted a written charter under which the Compensation Committee operates, which satisfies the applicable standards of the SEC and Nasdaq. A copy of the Compensation Committee charter is available on the "Investors - Highlights" page of our website at www.surgerypartners.com. The Compensation Committee annually reviews and assesses the adequacy of its charter.

The Compensation Committee's primary duties and responsibilities are to:

- Review and approve corporate goals and objectives relevant to the compensation of the Company's Chief Executive Officer (the "CEO") and the officers of the Company who report directly to the CEO and all "officers" as defined in Section 16 of the Exchange Act (collectively, the "Senior Officers"), evaluate the performance of the CEO and other Senior Officers in light of those goals and objectives and, either as a committee or together with the other independent directors (as directed by the Board), determine and approve, or recommend to the Board for approval, the compensation levels for the CEO and other Senior Officers based on this evaluation, with the deliberations and voting on the CEO's compensation to be conducted without the CEO present;
- Make recommendations to the Board about the compensation of non-employee directors;
- Review and administer the Company's equity-based compensation plans, management incentive compensation plans and deferred compensation plans for the Senior Officers and make recommendations to the Board about amendments to such plans and the adoption of any new compensation plans for the Senior Officers;

Table of Contents

- Recommend to the Board any ownership guidelines for the Senior Officers, other executives and non-employee directors, and periodically assess these guidelines and recommend revisions as appropriate;
- Review and establish the Company's overall management compensation and benefits philosophy and policies;
- Review and discuss the "Compensation Discussion and Analysis" required to be included in the Company's proxy statement and annual report on Form 10-K by the rules and regulations of the SEC with management, and produce a compensation committee report on executive compensation for inclusion in the Company's annual proxy statement in accordance with the SEC proxy and disclosure rules;
- Review and recommend to the Board for approval the frequency with which the Company will conduct say-on-pay votes, taking into account the results of the most recent stockholder advisory vote on frequency of say-on-pay votes required by Section 14A of the Exchange Act;
- Review and approve all Senior Officer employment contracts and other compensatory, severance and change-in-control arrangements for current and former Senior Officers;
- Establish and review periodically policies and procedures with respect to perquisites;
- Review the Company's incentive compensation arrangements to determine whether they encourage excessive risk-taking, review and discuss at least annually the relationship between risk management policies and practices and compensation, and evaluate compensation policies and practices that could mitigate any such risk;
- Review and assess the adequacy of the committee's charter and submit any changes to the Board for approval on an annual basis;
- Maintain minutes of the committee's meetings and report its actions and any recommendations to the Board on a periodic basis; and
- Annually perform, or participate in, an evaluation of the performance of the committee against the requirements of this Compensation Committee charter, the results of which shall be presented to the Board.

As long as we are a controlled company, we are not required by Nasdaq rules to maintain a compensation committee comprised of independent directors. As of the date of this Proxy Statement, our Compensation Committee consisted of Brent Turner and John A. Deane, each of whom is independent under Nasdaq rules, and T. Devin O'Reilly (chair) and Andrew T. Kaplan. The Compensation Committee met six times during 2021.

Compliance and Ethics Committee

The purpose of the Compliance and Ethics Committee is to assist the Board in discharging its responsibilities relating to our compliance with laws, regulations, internal procedures and industry standards that may cause significant business, regulatory, or reputational damage to us, as well as legal and business trends and public policy issues. The Compliance and Ethics Committee, among other things, oversees the activities of, and receives regular reports from, our Chief Compliance Officer, and reports to the Board on the effectiveness of the Company's compliance, ethics and quality programs. Our Board has adopted a written charter under which the Compliance and Ethics Committee operates. A copy of the Compliance and Ethics Committee charter is available on the "Investors - Highlights" page of our website at www.surgerypartners.com. The Compliance and Ethics Committee periodically reviews and assesses the adequacy of its charter.

As of the date of this Proxy Statement, our Compliance and Ethics Committee consisted of Teresa DeLuca, M.D. (chair), Clifford G. Adlerz, John A. Deane and Patricia A. Maryland, Dr.PH. The Compliance and Ethics Committee met four times during 2021.

Compensation Committee Interlocks and Insider Participation

None of our executive officers currently serves or in the past year has served as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board or Compensation Committee. Our CEO has participated in discussions related to compensation of certain of our executive officers, but has not participated in any discussions regarding his own compensation. We have also retained a compensation consultant since our initial public offering to review the compensation of executive officers at peer group companies and assist in benchmarking appropriate compensation of our executive officers on a forward-looking basis.

Employee, Officer and Director Hedging

The Company's Insider Trading Policy expressly prohibits our employees, officers or directors from engaging in transactions that involve the purchase of financial instruments, including prepaid variable forward contracts, instruments for the short sale or purchase or sale of call or put options, equity swaps, collars, or units of exchangeable funds, that are designed to or that may reasonably be expected to have the effect of hedging or offsetting a decrease in the market value of any securities of the Company. In addition, all of our employees, officers and directors are subject to the Company's Code of Conduct, which includes conflicts of interest provisions broadly prohibiting actions or activities that involve obtaining improper personal gain or advantage, or adversely affecting the interests of the Company.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis ("CD&A") is designed to provide an overview of our compensation philosophy and objectives, our compensation programs, and our decision making processes as they relate to our named executive officers for the year ended December 31, 2021.

This discussion is intended to, among other things, help our stockholders understand the information provided in the compensation tables included in this Proxy Statement, and to put that information in the context of our overall compensation program for our NEOs.

Pursuant to SEC rules, our NEOs for 2021 were:

Named Executive Officer	Title
J. Eric Evans	Chief Executive Officer
Thomas F. Cowhey ⁽¹⁾	Former Executive Vice President and Chief Financial Officer ⁽¹⁾
Jennifer B. Baldock	Executive Vice President, Chief Administrative and Development Officer
Anthony W. Taparo	Chief Growth Officer
Bradley R. Owens	President, National Group

(1) Mr. Cowhey resigned as our Executive Vice President and Chief Financial Officer effective January 31, 2022.

Overview of 2021 Company Performance

The following summary of the Company's performance is intended to provide additional context for the Compensation Committee's evaluation of the Company's performance against its 2021 goals for compensation-related purposes. Despite continued disruptions and challenges to our business in 2021 as a result of the COVID-19 pandemic, our NEOs were instrumental in helping us drive Company performance results in 2021, and in assessing our competitive position and shaping a plan that will best position us for continued growth in 2022 and beyond.

We present below key business highlights to assist our stockholders in understanding the compensation decisions made with respect to our NEOs that relate to 2021 performance. Key performance highlights from 2021 include:

- Revenues increased 19.6% over 2020 to \$2.2 billion.
- Days adjusted same-facility revenues increased 18.1% from 2020.
- Net loss attributable to common stockholders of \$81.2 million, resulting in a net loss per share of \$1.12.
- Adjusted EBITDA increased 32.3% from 2020 to \$339.6 million.

Overview of Our Executive Compensation Objectives and Pay for Performance Philosophy

Our executive compensation program reflects the Company's commitment to pay for performance and to align the interests of the Company's management with those of our stockholders. In addition, our executive compensation program is designed to encourage our executives to take actions that support the Company's short-term financial goals but that also ensure the Company's ability to sustain strong stockholder value creation over the long term, irrespective of annual performance variability.

Our long-term success is based on achieving key strategic, financial and operational goals each year. To drive achievement of and align focus with these goals, our executive compensation program is designed to:

- Attract, retain and motivate talented executives with significant industry knowledge and the experience and leadership capability necessary for our corporate success.
- Align the interests of our NEOs with those of our stockholders by delivering a substantial portion of each officer's compensation through incentives that drive long-term enterprise value.
- Provide a strong link between pay and performance by weighting total direct compensation toward performance-based incentive compensation that promotes achievement of short-term performance with annual cash incentive awards and supports long-term business objectives with performance-based equity grants.

Compensation Policies and Practices

We maintain the following compensation policies and practices that reflect our pay-for-performance philosophy and support long-term stockholder value:

- *Well-Balanced Compensation Program.* The structure of our executive compensation program includes a balanced mix of cash and equity compensation with a strong emphasis on performance-based and at-risk compensation.
- *Capped Annual Incentive Award Opportunities.* The value of our NEOs' incentive awards is determined by performance based metrics that promote long-term stockholder value. Additionally, for 2021, although there is not a specific performance metric tied to clinical quality, the Compensation Committee used its discretionary authority to emphasize clinical quality in determining the level of award payout achieved by our NEOs.
- *Performance-Based Long-Term Incentives.* To align pay with performance, 50% of our long-term incentive awards for NEOs granted in 2021 were subject to vesting based on key financial performance objectives.
- *Multi-Year Vesting Periods.* To enhance retention and alignment with stockholders' interests, our long-term incentive awards are comprised of time-based and performance-based equity awards that vest over multiple years.
- *Independent Decision Makers.* Members of our Compensation Committee are independent and the committee works closely with an independent compensation consultant to monitor trends and best practices.
- *Competitive Compensation Practices.* The competitiveness of our executive compensation program is determined by comparison to a group of peer companies that are comparable based on industry, revenue, market capitalization and other factors.
- *Double-Trigger Change in Control Benefits.* Options and restricted stock grants are subject to "double-trigger" vesting in connection with a change in control (*i.e.*, awards that require a qualifying termination of employment following the change in control in order to become fully vested).
- *Limited Perquisites.* We provide our NEOs with limited perquisites that are narrowly tailored to enhance our retention of talent over the long term.
- *Share Ownership and Retention Guidelines.* In order to demonstrate alignment of the interests of management and the directors with the stockholders of the Company, in February 2022, the Compensation Committee adopted share ownership and retention guidelines applicable to the NEOs and non-employee directors.

Compensation Framework and Process

Role of the Compensation Committee in Compensation Decisions

Our Compensation Committee oversees our total compensation philosophy, compensation programs, equity incentive programs and benefit plans, and is responsible for reviewing and approving, or recommending that the Board approve, as applicable, all components of our executive compensation program. Our Compensation Committee reviews and recommends the compensation of our Chief Executive Officer. After considering the assessment and recommendation of the Chief Executive Officer, our Compensation Committee determines and approves compensation decisions relating to our other NEOs.

Role of the Independent Compensation Consultant

For 2021, our Compensation Committee retained Frederic W. Cook & Co., Inc. ("FW Cook"), an independent compensation consulting firm, to provide advice on executive compensation matters, including the types, levels and the competitiveness of our programs. FW Cook reports directly to our Compensation Committee and interacts with management at the Compensation Committee's direction. Our Compensation Committee and its chairperson have regular opportunities to meet with FW Cook in executive sessions without management present. The Compensation Committee considered the independence of FW Cook in light of current SEC rules and Nasdaq listing standards and concluded that no conflict of interest exists that would prevent FW Cook from independently advising the Compensation Committee.

Role of our Chief Executive Officer

Our Chief Executive Officer annually reviews the performance of the other NEOs, after which the Chief Executive Officer presents his conclusions and recommendations to the Compensation Committee for approval. Our Compensation Committee has absolute discretion as to whether it approves the recommendations of the Chief Executive Officer or makes adjustments, as it deems

appropriate. The Chief Executive Officer may also work with the Compensation Committee to gather and compile data needed for benchmarking purposes or for other analysis conducted by the Compensation Committee's independent consultants and advisors.

Benchmarking

Our Compensation Committee reviews competitive data for comparable executive positions in the market. External market data is used by the Compensation Committee as a point of reference in its executive pay decisions in conjunction with financial and individual performance data. The Compensation Committee reviews compensation information disclosed by a peer group of comparably sized companies with which we compete for business and executive talent and information derived from published survey data that compares the elements of each executive officer's target total direct compensation to the market information for executives with similar roles. FW Cook compiles this information for the Compensation Committee and size-adjusts the published survey data to reflect our size in relation to the survey participants to more accurately reflect the scope of responsibility for each NEO.

The Compensation Committee, in consultation with FW Cook, annually reviews and selects the peer companies, which generally consist of publicly-traded healthcare companies. The peer group companies selected for purposes of analyzing and determining the compensation of our executive officers, including our NEOs, were selected primarily based upon the following criteria: (i) similar business operations/industry/competitors for investor capital, (ii) comparable sales, market capitalization and profitability levels, and (iii) competitors for executive talent.

The Compensation Committee worked with FW Cook to evaluate our peer group and selected the following companies as our peer group for 2021 primarily because they are similar healthcare companies with revenues between approximately 1/3 and three times our pro-forma sales estimate of \$2 billion:

Acadia Healthcare Company, Inc.	Hanger	Mednax, Inc.
Amedisys, Inc.	Chemed Corporation	Brookdale Senior Living
Encompass Health (formerly HealthSouth Corporation)	LHC Group, Inc.	The Ensign Group, Inc.
Genesis Healthcare	Tivity Health	RadNet, Inc.
ModivCare (formerly The Providence Service Corp)	Select Medical Holdings Corp	

Elements of Named Executive Officer Compensation

The following is a discussion of the primary elements of compensation for each of our NEOs for 2021, which consisted of the following:

Element	Description	Primary Objectives
Base Salary	<ul style="list-style-type: none"> Fixed cash payments paid over the fiscal year 	<ul style="list-style-type: none"> Attract and retain key talent Provide competitive compensation Recognize experience and performance
Short-Term Incentives	<ul style="list-style-type: none"> Performance-based annual cash and equity incentives 	<ul style="list-style-type: none"> Promote and reward achievement of the Company's annual financial and strategic objectives
Long-Term Incentives	<ul style="list-style-type: none"> Restricted stock Performance restricted stock units Non-qualified stock options 	<ul style="list-style-type: none"> Retain and motivate senior management over a multi-year vesting period Tie value earned to achievement of the Company's long-term goals
Retirement and Welfare Benefits	<ul style="list-style-type: none"> 401(k) Plan Supplemental executive retirement plan Medical, dental, vision, life insurance and disability insurance 	<ul style="list-style-type: none"> Provide tax-efficient retirement savings Provide tax-efficient opportunity to supplement retirement savings Provide competitive health and welfare benefits
Perquisites	<ul style="list-style-type: none"> Cell phone allowance 	<ul style="list-style-type: none"> Provide competitive ancillary benefits
Severance Benefits	<ul style="list-style-type: none"> Cash and non-cash payments and benefits upon an involuntary termination of employment 	<ul style="list-style-type: none"> Provide protection in the event of an involuntary termination of employment

The Compensation Committee does not have a pre-established policy for the allocation between fixed compensation, such as base salary, and variable or "at risk" compensation, such as short-term cash and equity incentives. However, our Compensation Committee places a significant portion of total direct compensation for the NEOs at risk. At risk compensation under the Company's annual cash incentives plan (the "Cash Incentive Plan") incentivizes our NEOs to reach or exceed desired financial operating goals. Moreover, at risk equity compensation under the Company's 2015 Omnibus Incentive Plan, as amended and restated effective January 1, 2020, as amended (the "Omnibus Incentive Plan") incentivizes our NEOs because the full benefit of equity-based compensation cannot be realized unless our NEOs are able to grow the value of our stock over multiple years.

Base Salary

It is a part of the Company's compensation philosophy that employees be paid a base salary that is competitive with the salaries paid by comparable companies based on each employee's experience, performance and any other unique factors or qualifications. Generally, the Company has chosen to position cash compensation in a range around market median levels in order to remain competitive in attracting and retaining executive talent. FW Cook provides the Compensation Committee with benchmarking data, and our NEOs are provided with a base salary within the market benchmarked range based on their unique situation. Actual base salaries paid vary within a range based on performance over time. Our Compensation Committee reviews the base salaries of our NEOs on an annual basis, and takes into consideration the following factors when determining whether such amounts should be adjusted:

- the executive's performance;
- the performance of the Company;
- the impact of the executive's performance on the individual businesses or corporate functions for which the executive is responsible;
- the nature and importance of the executive's position and role within the Company;
- the scope of the executive's responsibility;
- the market data provided by the independent compensation consultant; and
- the current compensation package in place for the executive, including the executive's current annual salary and potential bonus awards under the Company's bonus plan.

The annual base salaries for applicable NEOs for 2020 and 2021 were as follows:

Named Executive Officer	2020 Base Salary ⁽¹⁾	2021 Base Salary
J. Eric Evans	\$1,050,000	\$1,050,000
Thomas F. Cowhey	500,000	525,000
Jennifer B. Baldock	420,000	420,000
Anthony W. Taparo	410,000	410,000
Bradley R. Owens ⁽²⁾	N/A	400,000

- (1) On March 17, 2020, the Compensation Committee temporarily reduced the base salaries of the NEOs in response to the challenges facing the Company as a result of the COVID-19 pandemic to the following: Mr. Evans - \$525,000, Mr. Cowhey - \$400,000, Ms. Baldock - \$336,000, Mr. Taparo - \$328,000 and Mr. Owens - \$292,000. Subsequently, on June 28, 2020, the Compensation Committee restored the base salaries for the NEOs to their original base salary amounts.
- (2) Mr. Owens was not a named executive officer in 2020. Therefore, in accordance with SEC rules, his compensation is only disclosed for the year ended December 31, 2021.

In February 2022, the Compensation Committee determined that 2022 base salary for Mr. Evans would remain the same as 2021, and the 2022 base salaries for Ms. Baldock and Messrs. Taparo and Owens would be set at \$535,000, \$450,000 and \$500,000, respectively. The Compensation Committee believes that the base salary for the NEOs is competitive and reasonable compared to the peer group and survey benchmark data.

Short-Term Incentive Awards

The Company maintains the Cash Incentive Plan under which our Compensation Committee determines annual cash incentives for the Company's key employees, including our NEOs, based on achievement of pre-established annual financial goals. We provide

an annual award opportunity under the Cash Incentive Plan in order to tie a significant part of the overall compensation of each of our executive officers to short-term corporate goals and objectives. Payments under the Cash Incentive Plan can be paid in cash or in common stock that is issued through the Omnibus Incentive Plan.

2021 Awards

The target bonus opportunity for each of our NEOs is based on a percentage of base salary and is established based on each NEO's respective level of management responsibility. For 2021, the target bonus opportunity as a percentage of base salary for each of our eligible NEOs, except for Mr. Evans, was as follows: Mr. Cowhey - 75%, Ms. Baldock - 60%, Mr. Taparo - 60% and Mr. Owens - 60%. For 2021, the target bonus opportunity for Mr. Evans was \$750,000.

For 2021, the Compensation Committee determined that the financial metric to be measured for purposes of determining the annual cash awards payable to our NEOs would be Adjusted EBITDA. Other metrics applicable to certain NEOs are described below. In February 2021, the Compensation Committee established 2021 Adjusted EBITDA levels. Performance levels were set relative to the prior fiscal year's actual results and current fiscal year projections. The threshold performance level is the minimum performance level required for a payout under the Cash Incentive Plan, and the maximum performance level is the maximum payout. Performance targets are set with the intent that achievement will enhance stockholder value.

2021 Cash Incentive Plan Performance Goals	Threshold	Target	Above Target	Maximum
Adjusted EBITDA (in millions)	\$299.0	\$315.0	\$323.0	\$331.0
Payout	25%	100%	150%	200%

If the Company's Adjusted EBITDA for 2021 is equal to or greater than \$299.0 million, but less than \$315.0 million, then the percentage of the target award that may be earned will be determined using a straight line interpolation between 25% and 100%. If the Company's Adjusted EBITDA is equal to or greater than \$315.0 million, but less than \$323.0 million, the percentage of the target award that can be earned will be determined using a straight line interpolation (between 100% and 150%). If the Company's Adjusted EBITDA is equal to or greater than \$323.0 million, but less than \$331.0 million, the percentage of the target award that shall become earned will be determined using a straight line interpolation (between 150% and 200%).

With respect to Ms. Baldock's target bonus opportunity for 2021, 50% is earned based on the Company's Adjusted EBITDA performance goals and, as a result of her role as the Chief Administrative and Development Officer, 50% is earned based on the achievement of certain goals associated with the Company's acquisition and divestiture activity. With respect to Mr. Taparo's target bonus opportunity for 2021, 50% is earned based on the Company's Adjusted EBITDA performance goals and 50% is earned based on the achievement of certain goals associated with Company's physician recruitment efforts. With respect to the target bonus opportunity of Mr. Owens for 2021, 50% is earned based on the Company's Adjusted EBITDA performance goals and 50% is earned based on the achievement of performance goals specific to the National Group over which Mr. Owens is President. Ms. Baldock and Messrs. Taparo and Owens may earn above the target award applicable to their specific roles. Notwithstanding the foregoing, if the Company's Adjusted EBITDA is less than the threshold, no cash incentive award may be earned by the NEOs.

For 2021, the Company's Adjusted EBITDA was \$339.6 million. After evaluating the Company's 2021 performance, both with and without the impact of government stimulus funds under the CARES Act, the Compensation Committee determined that the Company's Adjusted EBITDA performance goals were achieved at the target level. The Compensation Committee further determined that Ms. Baldock, Mr. Taparo and Mr. Owens each earned additional awards above the target level due to the achievement of certain goals associated with their roles as discussed above. As a result, the NEOs earned the following incentive payments:

Named Executive Officer	2021 Cash Incentive Award Earned
J. Eric Evans	\$750,000
Thomas F. Cowhey ⁽¹⁾	N/A
Jennifer B. Baldock	452,000
Anthony W. Taparo	326,440
Bradley R. Owens	390,000

(1) Mr. Cowhey resigned as our Executive Vice President and Chief Financial Officer effective January 31, 2022, and as a result, did not receive an incentive payment for 2021.

2022 Awards

In February 2022, the Compensation Committee granted incentive awards for 2022 to our eligible NEOs under the Cash Incentive Plan. The Compensation Committee determined that payment would be based on the Company's performance with respect to Adjusted EBITDA for 2022 as well as other metrics applicable to certain NEOs described below.

The target amount that may be earned by each NEO for 2022 under the Cash Incentive Plan is set forth below:

Named Executive Officer	2022 Short-Term Incentive Award Target
J. Eric Evans	\$1,050,000
Thomas F. Cowhey ⁽¹⁾	N/A
Jennifer B. Baldock	425,000
Anthony W. Taparo	270,000
Bradley R. Owens	300,000

(1) Mr. Cowhey resigned as our Executive Vice President and Chief Financial Officer effective January 31, 2022, and as a result, will not receive an incentive award for 2022.

If the Company's Adjusted EBITDA for the year ending December 31, 2022 is equal to or greater than the threshold, but less than the target range, then the percentage of the target award that may be earned will be determined using a straight line interpolation between 25% and 100% of the target award. Additionally, up to 200% of the target award can be earned depending on the extent to which the Company's Adjusted EBITDA exceeds the target. If the Company's Adjusted EBITDA is less than the threshold, no cash incentive award may be earned.

With respect to Ms. Baldock's target bonus opportunity for 2022, consistent with 2021, 50% is earned based on the Company's Adjusted EBITDA performance goals and 50% is earned based on the achievement of certain goals associated with the Company's acquisition and divestiture activity. With respect to Mr. Taparo's target bonus opportunity for 2022, consistent with 2021, 50% is earned based on the Company's Adjusted EBITDA performance goals and 50% is earned based on the achievement of certain goals associated with Company's physician recruitment efforts. With respect to the target bonus opportunity of Mr. Owens for 2022, consistent with 2021, 50% is earned based on the Company's Adjusted EBITDA performance goals and 50% is earned based on the achievement of performance goals specific to the National Group over which Mr. Owens is President. Ms. Baldock and Messrs. Taparo and Owens may earn above the target award applicable to their specific roles. Notwithstanding the foregoing, if the Company's Adjusted EBITDA is less than the threshold, no cash incentive award may be earned by the NEOs.

Long-Term Incentive Awards

Our long-term equity incentive program is designed to reward our NEOs for Company performance, drive sustainable, long-term growth for our Company and our stockholders, and reinforce retention.

2021 Annual Awards

Each of our eligible NEOs received equity grants in 2021 under the Omnibus Incentive Plan. Except as otherwise described herein, the long-term incentive award opportunity for each of our eligible NEOs for 2021 is shown in the table below:

Named Executive Officer	Time-based restricted stock		PSUs (at Target)	
	\$ value	# shares of common stock	\$ value	# units of common stock
J. Eric Evans	625,000	14,866	625,000	14,866
Thomas F. Cowhey	262,500	6,244	262,500	6,244
Jennifer B. Baldock	225,000	5,352	225,000	5,352
Anthony W. Taparo	205,000	4,876	205,000	4,876
Bradley R. Owens	200,000	4,757	200,000	4,757

For our annual grants in 2021, the Compensation Committee generally determined that 50% of the grant date value to be delivered under the Company's long-term equity incentive program would consist of time-based restricted stock and the remaining 50% would consist of PSUs.

The time-based restricted stock awards vest in increments of one-third on each of the first, second and third anniversaries of the date of grant, generally subject to the executive's continued employment. The Compensation Committee believes that grants of time-based restricted stock foster employee share ownership, align the interests of our NEOs with those of our stockholders, and enhance retention by requiring continued employment over a period of years.

The PSUs provide our NEOs with the opportunity to earn a specified number of shares of common stock based on achievement of certain Company performance objectives over a one-year period. The number of shares earned during that period are then subject to an additional two-year employment period in which they become vested in increments of 50% each year. This creates a three-year incentive and alignment period.

For 2021, the Compensation Committee set the target performance level for the PSUs as Adjusted EBITDA of \$315.0 million. If Adjusted EBITDA of \$299.0 million was achieved, 25% of the PSUs subject to the award would be earned subject to the additional time-vesting criteria. If the Company's Adjusted EBITDA for 2021 is equal to or greater than \$299.0, but less than \$315.0 million, then the percentage of the PSUs subject to the award that may be earned will be determined using a straight line interpolation (between 25% and 100%). If the Company's Adjusted EBITDA is equal to or greater than \$315.0 million, but less than \$331.0 million, the percentage of the PSUs subject to the award that shall become earned will be determined using a straight line interpolation (between 100% and 200%). The Company's Adjusted EBITDA for 2021 was \$339.6 million. After evaluating the Company's 2021 performance, both with and without the impact of government stimulus funds under the CARES Act, the Compensation Committee deemed 100% of the PSUs granted to the NEOs during 2021 as earned and eligible to vest in accordance with their terms.

2021 Special Awards

In February 2021, the Compensation Committee also determined to grant additional special long-term equity-based incentive awards to certain NEOs based on their key roles in Adjusted EBITDA generation and growth of the Company. The special long-term incentive award opportunity for these NEOs is shown in the table below:

Named Executive Officer	Time-based restricted stock		PSUs (at Target)	
	\$ value	# shares of common stock	\$ value	# units of common stock
J. Eric Evans	625,000	14,866	625,000	14,866
Thomas F. Cowhey	250,000	5,946	262,500	6,244
Jennifer B. Baldock	150,000	3,568	—	—
Bradley R. Owens	200,000	4,757	—	—

The special time-based restricted stock awards vest 50% on the first anniversary and 50% on the second anniversary of the date of grant, generally subject to the executive's continued employment. For the special PSUs, performance is determined with respect to an Adjusted EBITDA target for 2021 that is higher than the Adjusted EBITDA target for the annual 2021 PSU awards. The Company's Adjusted EBITDA for 2021 was \$339.6 million. After evaluating the Company's 2021 performance, both with and without the impact of government stimulus funds under the CARES Act, the Compensation Committee deemed 100% of the special PSUs granted to Mr. Evans during 2021 as earned and eligible to vest in accordance with their terms. The special PSUs granted to Mr. Cowhey, and 50% of the time-based restricted stock awards, were forfeited due to his resignation as of January 31, 2022.

2022 Annual Awards

In February 2022, the Compensation Committee continued the practice of utilizing long-term equity-based incentive awards consisting of (i) 50% in the form of three-year time vesting restricted stock awards and (ii) 50% in the form of PSUs subject to Company performance; however, the performance awards have been revised to provide for a one-time vesting on the third anniversary of the grant date if the performance criterion is achieved during the three-year period. The long-term incentive award opportunity for each of our eligible NEOs for 2022 is shown in the table below:

Named Executive Officer	Time-based restricted stock		PSUs (at Target)	
	\$ value	# shares of common stock	\$ value	# units of common stock
J. Eric Evans	2,000,000	37,016	2,000,000	37,016
Thomas F. Cowhey ⁽¹⁾	N/A	N/A	N/A	N/A
Jennifer B. Baldock	400,000	7,403	400,000	7,403
Anthony W. Taparo	325,000	6,015	325,000	6,015
Bradley R. Owens	400,000	7,403	400,000	7,403

(1) Mr. Cowhey resigned as our Executive Vice President and Chief Financial Officer effective January 31, 2022, and as a result, did not receive an incentive award opportunity for 2022.

As with the 2021 awards, the time-based restricted stock awards vest in one-third increments on each anniversary of the date of grant, generally subject to the executive's continued employment. With respect to the 2022 PSUs, performance is determined with respect to the achievement of an Adjusted EBITDA goal by the third anniversary of the grant date. If the Company's Adjusted EBITDA is equal to or greater than the threshold, then the percentage of the target award that may be paid out to the NEOs is 100%, and up to 300%, subject to varying levels of performance in excess of the threshold. No shares are earned for performance below threshold. The shares that are earned will be subject to a one-time cliff vesting on the third anniversary of the grant date.

2022 Special Awards

In October 2021, the Compensation Committee also determined to grant an additional special long-term equity-based incentive award in March 2022 to Mr. Owens as a further retention incentive due to his inability to participate in the executive option program. The special long-term incentive award opportunity for Mr. Owens provided for a time-based restricted stock award of \$500,000, granting Mr. Owens 9,254 shares of common stock. The time-based restricted stock award vests 50% on the second anniversary of the date of grant, and 50% on the third anniversary of the grant, generally subject to Mr. Owens' continued employment.

For purposes of the calculation of 2022 Adjusted EBITDA, the Compensation Committee, in its reasonable discretion, intends to make adjustments that are appropriate to account for extraordinary corporate events. The accretive earnings resulting from any acquisitions completed during 2022 will result in an adjustment that increases the performance goal, as calculated by the Compensation Committee in its discretion. Additionally, the Compensation Committee may consider such other adjustments to the calculation of Adjusted EBITDA as it reasonably determines are appropriate in accordance with the discretion provided to the Compensation Committee under the Omnibus Incentive Plan.

Retirement and Welfare Benefits and Perquisites

All of our full-time employees, including our NEOs, are eligible to participate in our health and welfare plans, including medical, dental, vision, life and disability insurance. Our NEOs participate in these plans on the same basis as other eligible employees. We do not maintain any supplemental health and welfare plans for our NEOs.

In addition, the Company maintains a 401(k) plan in which eligible employees are permitted to participate. The Company's 401(k) plan is a tax-qualified defined contribution retirement plan under which eligible employees may defer their eligible compensation, subject to the limits imposed by the Internal Revenue Code, and under which the Company may make discretionary matching contributions.

We also maintain the Symbion, Inc. Supplemental Executive Retirement Plan (the "SERP"), a nonqualified deferred compensation plan, for certain former management of Symbion, Inc., including Ms. Baldock and Mr. Taparo. Under the SERP, participants may elect to defer up to 25% of annual base salary and up to 50% of bonus each year. Eligible employees who elect to defer are also entitled to an annual Company contribution under the SERP equal to 2% of base salary.

Severance Arrangements

The Company provides severance protection to each of our NEOs pursuant to employment agreements in the event that his or her employment is terminated by the Company without cause or he or she resigns for good reason. For a description of the severance protections provided to our NEOs please see "Executive Compensation - Potential Payments upon Termination or Change in Control" below.

Use of Non-GAAP Financial Metrics in our Executive Compensation Program

We believe that presenting certain non-GAAP measures can be helpful to investors who may wish to use some or all of this information to analyze the Company's performance, prospects, and valuation. The items excluded from these non-GAAP metrics are

significant components in understanding and evaluating our financial performance. We believe such adjustments are appropriate, as the magnitude and frequency of such items can vary significantly and are not related to the assessment of normal operating performance. We believe that the non-GAAP measures discussed below are appropriate for evaluating the performance of the Company for compensation-related purposes.

Adjusted EBITDA

For compensation purposes, "Adjusted EBITDA" is calculated as income before income taxes, adjusted for net income attributable to noncontrolling interests; depreciation and amortization; interest expense, net; equity-based compensation expense; transaction and integration related costs; loss (gain) on disposals, net; impairment charges; litigation settlements and other litigation costs; loss on debt extinguishment; gain on escrow release; and hurricane-related impacts. We use Adjusted EBITDA as a measure of financial performance. Adjusted EBITDA is a key measure used by our management to assess operating performance, make business decisions and allocate resources.

A reconciliation of Adjusted EBITDA to income before income taxes, the most directly comparable GAAP financial measure can be found in "Management's Discussion and Analysis of Financial Condition and Results of Operations - Certain Non-GAAP Measures" in the Company's Annual Report on Form 10-K for the year ended December 31, 2021.

Risk Management and Compensation

Our Compensation Committee believes that the Company's compensation policies and practices are an integral part of the Board's risk management. Our Compensation Committee considers various features of our compensation policies and practices that discourage excessive or unnecessary risk taking, including but not limited to the following:

- Appropriate pay philosophy, peer group and other market comparability data and market positioning to align with and support business objectives;
- Effective balance in:
 - Cash and equity pay mix, including the use of restricted stock, PSUs and stock options, used to focus employees on mitigating downside risk while generating long-term gains;
 - Short- and longer-term performance focus;
 - Management and Board discretion to manage pay as it deems appropriate in light of Company and industry developments; and
- Compensation Committee oversight of our compensation policies and practices to determine whether they encourage excessive risk-taking and evaluate compensation policies and practices that could mitigate any such risk.

Our Compensation Committee believes that the Company's executive compensation program does not encourage inappropriate risk-taking and the level of risk associated with the Company's compensation programs is not reasonably likely to have a material adverse effect on the Company.

Stock Ownership Guidelines

The Compensation Committee believes that, in order to demonstrate alignment of the interests of management and the directors with the stockholders of the Company, NEO's and non-employee directors should have and maintain a significant equity stake in the Company. As a result, in February 2022, the Compensation Committee adopted share ownership and retention guidelines applicable to the NEOs and non-employee directors, which require:

- The CEO and the Executive Chairman to hold shares of Company common stock with a fair market value equal to five times their current base salary;
- Other named executive officers to hold shares of Company common stock with a fair market value equal to three times their current base salary; and
- Non-employee directors of the Company to hold shares of Company common stock with a fair market value equal to three times their annual retainer.

The guidelines provide that all owned stock, restricted stock awards and vested performance stock unit awards count towards the ownership guidelines.

The Compensation Committee will monitor compliance with these guidelines on an annual basis. Until the minimum share ownership requirement applicable to an NEO or non-employee director is satisfied, and thereafter whenever the minimum share ownership requirement is not satisfied, such NEO or non-employee director must retain 50% of the net shares received by such person as a result of the exercise of stock options, payout of performance unit awards, or any other award under the Omnibus Incentive Plan. As of March 30, 2022, all of the Company's NEOs and non-employee directors met the minimum share ownership guidelines, except for Dr. Maryland, who became a member of our Board of Directors in February 2021. The NEOs and non-employee directors must make good faith efforts to satisfy the minimum share ownership requirements described above; however, there is no specific time period in which an NEO or non-employee director must satisfy the minimum share ownership requirements.

Say-on-Pay Feedback from Stockholders

Each year, the Compensation Committee considers the results of the prior year's advisory vote as it reviews and determines the compensation packages of our NEOs. In 2021, we received strong support for our executive compensation program, as approximately 99% of total votes cast on the advisory vote on executive compensation voted to approve the proposal.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with the Company's management and, based on such review and discussions, has recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

- (1) Mr. Cowhey served as our Executive Vice President and Chief Financial Officer until January 31, 2022.
- (2) Mr. Taparo was not a named executive officer in 2019. Therefore, in accordance with SEC rules, his compensation is only disclosed for the years ended December 31, 2020 and December 31, 2021.
- (3) Mr. Owens was not a named executive officer in 2020 or 2019. Therefore, in accordance with SEC rules, his compensation is only disclosed for the year ended December 31, 2021.
- (4) Reflects a cash payment made in connection with the commencement of Mr. Evans' employment with the Company on April 1, 2019.
- (5) Reflects the dollar amounts of the aggregate grant date fair value of stock and PSUs granted to our NEOs, as determined in accordance with FASB ASC Topic 718. These amounts do not reflect the actual amounts that may be paid or realized by our NEOs and exclude the effect of estimated forfeitures. The aggregate grant date fair value of the time-based restricted stock awards was calculated using the closing price of our common stock on the grant date. The aggregate grant date fair value of the PSUs was determined based on the probable outcome of the applicable performance conditions associated with such award. The PSU awards were valued based on a grant date fair value of \$42.04 per share (for awards granted in 2021), \$6.39 per share (for awards granted in 2020) and \$13.42 per share (for awards granted in 2019).

Assuming that the maximum performance goals are attained for the PSUs granted in 2021, 2020 and 2019, the aggregate grant date fair value of the annual grants of PSUs would have been:

Name	2021 PSU Awards	2020 PSU Awards	2019 PSU Awards
J. Eric Evans	1,875,000	1,875,000	—
Thomas F. Cowhey	787,500	750,000	374,982
Jennifer B. Baldock	450,000	450,000	337,500
Anthony W. Taparo	410,000	410,000	—
Bradley R. Owens	400,000	—	—

The underlying valuation assumptions for PSUs are further disclosed in footnotes to our consolidated financial statements filed with our annual report on Form 10-K for the years ended December 31, 2021 and 2020.

- (6) In lieu of making the cash incentive payment earned by Mr. Evans for achieving 2019 performance goals, the Compensation Committee determined that Mr. Evans would be granted a number of shares of common stock in the Company equivalent in value to the cash amounts that each would have received, which was determined based on the closing price of a share of common stock on the Nasdaq Stock Market as of the close of business on March 27, 2020.

In lieu of making the full cash incentive payment earned by each of the NEOs for achieving 2020 performance goals, the Compensation Committee determined that the NEOs would each be granted a number of shares of common stock in the Company equivalent in value to 50% of the cash amounts that each would have received, which was determined based on the closing price of a share of common stock on the Nasdaq Stock Market as of the close of business on March 26, 2021.

- (7) Reflects the grant date fair value of stock option awards computed in accordance with FASB ASC Topic 718. In 2019, after careful analysis and consideration, including consultation with FW Cook, the Compensation Committee determined that the terms of the Leveraged Performance Units ("LPUs") award in 2018 were no longer appropriate to incentivize and retain the Company's current executive management team. As such, in March 2019, the Compensation Committee took action to permit certain NEOs to exchange their LPUs for new stock option awards. For Mr. Cowhey and Ms. Baldock, the amount disclosed reflects the incremental fair value of the stock option awards received in exchange for LPUs, computed in accordance with FASB ASC Topic 718. As a result of the exchanges in March 2019, each of the NEOs set forth in the table below voluntarily exchanged their LPUs for new stock option awards:

Named Executive Officer	Exchange/ Grant Date	Target Number of LPUs replaced with Option Award Shares on Grant Date	Stock Option Grants
Thomas F. Cowhey	3/15/2019	29,603	403,500
Jennifer B. Baldock	3/15/2019	22,943	199,500

- (8) Reflects the dollar amounts of cash incentives earned by our NEOs under our Cash Incentive Plan. Please refer to the section titled "Compensation Discussion and Analysis - Elements of Named Executive Officer Compensation - Short-Term Incentive Awards" above for additional details regarding our cash incentive program. Does not include awards under the Cash Incentive Plan for which shares of common stock have been issued in lieu of cash incentive payments, which awards are included in the "Stock Awards" column of the Summary Compensation Table.
- (9) Reflects the items set forth in the table below, as applicable to each NEO:

Name	Year	Company 401(k) match contributions ^(a)	Company contributions under the SERP ^(b)	Other ^(c)	Total
J. Eric Evans	2021	5,800	—	1,323	7,123

(a) Reflects Company matching contributions to the Company's 401(k) Plan which is a broad-based tax-qualified defined contribution plan.

(b) Reflects Company contributions to the Symbion, Inc. Supplemental Executive Retirement Plan, a nonqualified deferred compensation plan.

(c) Reflects cell phone reimbursement and Company contributions to the NEOs health savings accounts for the applicable year.

For 2021, the target bonus opportunity for Mr. Evans was \$750,000. Mr. Cowhey resigned as our Executive Vice President and Chief Financial Officer effective January 31, 2022, and as a result, did not receive an incentive payment for 2021. PSUs provide our NEOs with the opportunity to earn a specified number of shares of common stock based on achievement of certain Company performance objectives over a one-year period, and then are subject to an additional two-year vesting schedule (generally subject to the executive's continued employment), thereby creating a three-year incentive and alignment period. Ms. Baldock and Mr. Taparo have participated in the SERP, a nonqualified deferred compensation plan sponsored by Symbion, which is an unfunded plan available to executives and certain key employees and directors of Symbion, an indirect subsidiary of the Company. Under the SERP, participants are permitted to defer up to 25% of their annual base salary and up to 50% of their bonus each year. Symbion makes a matching contribution for each participant who contributed at least 2% of base salary earned during such plan year and who was employed as of the last day of the plan year. Each Symbion contribution is subject to forfeiture for one year following the contribution. Symbion does not provide above-market or preferential earnings on deferred compensation.

Potential Payments upon Termination or Change in Control

Employment Agreement-Related Severance Benefits for our NEOs Employed at the End of 2021

As described above under the heading "Executive Compensation - Narrative Disclosure to Summary Compensation Table and 2021 Grants of Plan-Based Awards Table," we have entered into employment agreements with each of our continuing NEOs, which were amended and restated effective March 8, 2022 (except for Mr. Evans). Each of our NEOs is entitled to receive certain benefits upon a qualifying termination of employment and/or upon certain change in control transactions accompanied by a qualifying termination of employment within a certain period of time following such transaction. The following discussion is based on the employment agreements in effect as of December 31, 2021. The employment agreements provide for severance upon a termination of employment by us without cause or by the executive for good reason (and in the case of Mr. Taparo, if his employment agreement is not renewed or expires upon its terms), in each case conditioned on the executive's timely and effective execution of a release of claims acceptable to the Company, and other customary terms and conditions.

Each of our NEOs (except Messrs. Cowhey, Evans and Owens) is entitled to severance consisting of 12 months of continued base salary, an amount equal to their target bonus payable within two and a half months following the end of the fiscal year of termination, and continued health and welfare plan benefits at no cost to the executive during the severance period. Under the employment agreements with each of our NEOs (except for Mr. Evans), if a qualifying termination occurs within 12 months following (or within the 90 days prior to or 18 months following in the case of Mr. Cowhey) a change in control, the executive is entitled to be paid the severance benefits described above in a single lump-sum payment no later than 30 days following termination.

Mr. Cowhey is entitled to severance consisting of 12 months of continued base salary, an amount equal to his target bonus payable within two and a half months following the end of the fiscal year of termination paid in a lump sum at the time that bonuses are regularly paid to employees, any awarded but unpaid bonus amount from the previous year and continued health and welfare plan benefits at no cost to the executive during the severance period. In addition, Mr. Cowhey is also entitled to one year of accelerated vesting for any outstanding time-based restricted stock awards and earned but unvested PSUs as of the termination date. However, if Mr. Cowhey's employment is terminated without cause or for good reason by Mr. Cowhey before the Performance Period End Date (as defined in the PSU award agreement) and a change in control occurs within 90 days of such termination, then certain terms of the award agreement shall apply to determine earned shares as if Mr. Cowhey were still employed by the Company. Mr. Cowhey resigned as our Executive Vice President and Chief Financial Officer effective January 31, 2022, but Mr. Cowhey agreed to remain with the Company through the end of February 2022. In recognition of his service to the Company, the Board agreed to the vesting of all of Mr. Cowhey's outstanding, unvested PSUs and restricted stock awards that vested in March 2022.

Mr. Evans is entitled to severance consisting of 12 months of continued base salary, an amount equal to his target bonus payable when such bonuses are paid to employees, and 12 months of COBRA coverage following the date of such termination at no cost to Mr. Evans during the severance period.

In addition to the severance described above, pursuant to each of their employment agreements, each of Ms. Baldock and Mr. Taparo are also entitled to one year of accelerated vesting for any outstanding time-based restricted stock awards and earned but unvested PSUs as of the termination date.

Mr. Owens is entitled to severance consisting of 12 months of continued base salary, an amount equal to his target bonus payable within two and a half months following the end of the fiscal year of termination, and continued health and welfare plan benefits at the same cost to Executive as if Executive were an active employee of the Company during the severance period. In addition, if Mr. Owens' employment is terminated without cause or for good reason by Mr. Owens before the Performance Period End Date (as defined in the PSU award agreement) he is also entitled to accelerated vesting for any outstanding time-based restricted stock awards and earned but unvested PSUs to the vesting event next following the termination date.

Recent Amendments to NEO Employment Agreements

Effective as of March 8, 2022, the Company amended and restated existing employment agreements with Ms. Baldock and Messrs. Owens and Taparo. Although the amended and restated agreements did not result in material changes to each applicable NEO's existing compensation arrangements, they were adopted to, among other things, (i) update each applicable NEO's base compensation to 2022 levels (see "Compensation Discussion and Analysis - Elements of Named Executive Officer Compensation - Base Salary") and (ii) align and update severance terms.

Following the adoption of the amended and restated employment agreements, if Ms. Baldock's or Messrs. Owens' or Taparo's employment is terminated without cause or for good reason, then such NEO is entitled to severance consisting of 12 months of continued base salary, an amount equal to their target bonus payable within three months following the end of the fiscal year of termination, and continued health and welfare plan benefits at the same cost to such NEO as if the NEO were an active employee of the Company during the severance period. In addition, if Ms. Baldock's or Messrs. Owens' or Taparo's employment is terminated without cause or for good reason such NEO is entitled to accelerated vesting of time-based restricted stock awards and of earned PSUs to the vesting event next following the date on which the employment period is terminated. Furthermore, with respect to PSU awards granted after December 31, 2021, held by such as of the date on which the employment is terminated without cause or for good reason that have not been converted to earned PSUs, such NEO's rights under the award will be fully vested based on the number of shares that would be earned under the award based on performance measured through the end of the employment period.

Finally, under the amended and restated employment agreements with each of Ms. Baldock and Messrs. Owens and Taparo, if a qualifying termination occurs within the 90 days prior to or 12 months following a change in control, the applicable NEO is entitled to be paid the severance benefits described above in a single lump-sum payment.

Other Equity-Related Severance and Change of Control Benefits

Restricted Stock Awards

In accordance with our NEOs' restricted stock award agreements, unvested restricted stock is forfeited upon a termination of employment, except that the vesting of any unvested restricted stock will become immediately accelerated in full (1) on a termination of employment by the NEO due to death or disability, or (2) on a termination of employment by the Company without "cause" or resignation by the executive for "good reason" (each as defined in the applicable award agreement) within 90 days prior to or 18 months following a change in control. If, in connection with a change in control, unvested shares of restricted stock are not assumed or continued, or a new award substituted for the unvested shares of restricted stock, such unvested shares will automatically vest in full.

Performance Stock Units

In accordance with our NEOs' PSU award agreements, upon a termination of employment for any reason, (1) any PSUs that are not yet earned are immediately forfeited, and (2) any PSUs that are earned but unvested are immediately forfeited, except that the vesting of any unvested earned PSUs will become immediately accelerated in full (a) on a termination of employment by the NEO due to death or disability, or (b) on a termination of employment by the Company without "cause" or resignation by the executive for "good reason" (each as defined in the applicable award agreement) within 90 days prior to or 18 months following a change in control.

If a change in control occurs during the performance period, the Compensation Committee will determine the extent to which the performance criteria has been satisfied and the number of PSUs that have been earned based on such performance criteria as of the change in control (which is prorated based on the number of days that have elapsed during the performance period). Thereafter, earned PSUs, if any, continue to vest solely based on time in accordance with the terms of the award agreement. If, in connection with a

change in control, earned PSUs are not assumed or continued, or a new award substituted for the earned PSUs, the earned PSUs will automatically vest in full.

Stock Option Awards

In accordance with our NEOs' stock option award agreements, if any of our continuing NEOs employment is terminated without cause or for good reason by such NEO within 90 days prior to or 18 months following a change in control, then the stock option awards, to the extent outstanding and which have not previously vested in accordance with Time Condition shall automatically be deemed to have vested immediately prior to such NEO's cessation of employment with the Company; provided, however, that the performance vesting requirements of such stock option awards shall remain in full force and effect. For purposes of satisfying the "Time Condition" portion of the stock option awards vesting, one-third (1/3) shall vest in three equal installments on each of December 31, 2020, December 31, 2021, and December 31, 2022, generally contingent upon continued employment through each applicable vesting date.

Other Terms and Conditions

Pursuant to their respective employment agreements, our NEOs are bound by certain restrictive covenants, including covenants relating to confidentiality and assignment of intellectual property rights, as well as covenants not to compete with us or to solicit our employees or other service providers during employment and for a specified period following termination of employment. Each of our NEOs is bound by a non-competition covenant for one year following termination of employment, and by a non-solicitation covenant for two years following termination of employment.

The following table summarizes the payments that would have been made to our continuing NEOs upon the occurrence of a termination of employment or a change in control, assuming that each NEO's termination of employment with the Company or a change in control occurred on December 31, 2021. Amounts shown do not include (i) accrued but unpaid salary, and (ii) other benefits earned or accrued by the continuing NEO during his or her employment that are available to all salaried employees and that do not discriminate in scope, terms or operations in favor of executive officers.

(1) Represents an amount equal to (a) 12 months of base salary continuation, and (b) the executive's target bonus for the year of termination. Under each of the continuing NEO's employment agreements, if a qualifying termination occurs within 12 months following a change in control, the executive is entitled to be paid the severance benefits described above in a single lump-sum payment no later than 30 days following termination.

(2) Represents the dollar value of 12 months Company-paid continued health and welfare benefits.

(3) Represents the value of the unvested portion of the NEO's time-based restricted stock awards and the value of the unvested portion of the NEO's earned PSUs, in each case, as of December 31, 2021. The value of the awards is calculated by multiplying

the number of shares of Company stock subject to acceleration by \$53.41, the closing price of our common stock on December 31, 2021.

- (4) Represents an amount equal to the value of the NEO's stock option awards that are subject to time-vesting conditions as if vesting occurred on December 31, 2021 (but not with respect to stock option awards with time-vesting conditions that would be satisfied after December 31, 2022). The value of the stock option awards is calculated by multiplying the number of stock options subject to acceleration by the difference between \$53.41, which is the closing price of our common stock on December 31, 2021, and the exercise price of the applicable awards.
- (5) Represents an amount equal to the value of the NEO's restricted stock awards, earned PSUs and stock option awards that are subject to time-vesting conditions, in each case, as if vesting occurred on December 31, 2021 (but not with respect to awards with time-vesting conditions that would be satisfied after December 31, 2022). The value of the stock option awards is calculated by multiplying the number of stock options subject to acceleration by the difference between \$53.41, which is the closing price of our common stock on December 31, 2021, and the exercise price of the applicable awards.
- (6) Represents an amount equal to the value of the unvested portion of all of the NEO's time-based restricted stock awards, earned PSUs, stock option awards. The value of the restricted stock awards and PSUs is calculated by multiplying the number of shares of Company stock subject to acceleration by \$53.41, which is the closing price of our common stock on December 31, 2021. The value of the stock option awards is calculated by multiplying the number of stock options, subject to acceleration by the difference between \$53.41, which is the closing price of our common stock on December 31, 2021, and the exercise price of the applicable awards.

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the following information regarding the ratio of total annual compensation for Mr. Evans, our Chief Executive Officer, to the median of the annual total compensation of all our employees (other than the Chief Executive Officer) (the "CEO Pay Ratio"). For 2021:

- Total annual compensation for Mr. Evans: \$4,307,123
- Median annual total compensation of all employees (other than Chief Executive Officer): \$55,154
- Ratio of the annual total compensation of the Chief Executive Officer to the median of the annual total compensation of all employees (other than the Chief Executive Officer): 78:1

In determining the median employee, we chose December 31, 2021 as the date to identify our median employee, and we identified our median employee using a consistently applied compensation measure which included total gross payroll wages received in 2021. Our total employee population as of December 31, 2021 was approximately 10,900. After we identified our median employee, we measured the annual total compensation under SEC rules using: base salary earned in 2021, annual cash bonus earned for the 2021 performance year, the grant date value of any equity awards he or she received in 2021, and the 401(k) match provided by the Company in 2021, in each case, to the extent applicable. Pay was annualized for permanent employees not employed for a full year in 2021. We calculated the median employee's total annual compensation using the same methodology we used to calculate Mr. Evans' annual total compensation, as reflected in the "Total" column of the Summary Compensation Table.

This pay ratio is a reasonable estimate calculated in a manner consistent with SEC rules based on our records and the methodology described above. The SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices. As such, the pay ratio reported by other companies may not be comparable to the pay ratio reported above.

The Audit Committee selected Deloitte & Touche LLP ("Deloitte") as the Company's principal independent registered public accounting firm for the year ending December 31, 2022, and such selection was approved by the Board, and the Company seeks ratification of the appointment by the stockholders.

The Audit Committee annually reviews the independent registered public accounting firm's independence, including reviewing all relationships between the independent registered public accounting firm and us and any disclosed relationships or services that may impact the objectivity and independence of the independent registered public accounting firm, and the independent registered public accounting firm's performance.

Although ratification of the selection of Deloitte is not required by our bylaws or otherwise, the Board is submitting the selection of Deloitte to our stockholders for ratification as a matter of good corporate practice. Registration Rights Agreement

On August 31, 2017, the Company entered into an Amended and Restated Registration Rights Agreement (the "Registration Rights Agreement") with certain securityholders of the Company and certain other parties thereto, including Bain Capital. Pursuant to the Registration Rights Agreement, among other things, and subject to certain limitations, the Company agreed to use commercially reasonable efforts to effect the registration under the Securities Act of 1933, as amended, of the registrable shares held by the parties to the Registration Rights Agreement. The Company also agreed to provide, with certain exceptions, certain piggyback registration rights with respect to such registrable shares, as described in the Registration Rights Agreement.

We have adopted a formal written policy with respect to the review, approval and ratification of related person transactions. Under the policy, our Audit Committee is responsible for reviewing and approving related person transactions. In the course of its review and approval of related person transactions, our Audit Committee considers the relevant facts and circumstances to decide whether to approve such transactions, including, but not limited to:

The Audit Committee may approve only those transactions that are in, or are not inconsistent with, our best interests and those of our stockholders, as the Audit Committee determines in good faith.

GENERAL MATTERS

Code of Conduct and Corporate Governance Guidelines

We have adopted a Code of Conduct which is applicable to all our directors, officers and employees (the "Code of Conduct"). To the extent required pursuant to applicable SEC regulations, we intend to post amendments to, or waivers from, our Code of Conduct on our website.

Copies of our Code of Conduct and Corporate Governance Guidelines are available, free of charge, on the "Investors - Highlights" page of our website at www.surgerypartners.com, or by sending a written request to our Chief Administrative and Development Officer at Surgery Partners, Inc., 310 Seven Springs Way, Suite 500, Brentwood, Tennessee 37027.

Availability of Certain Documents

Householding is a program adopted by the SEC that permits companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for annual reports, proxy statements and the notices of internet availability of proxy materials sent to multiple stockholders of record who have the same address by delivering a single annual report, proxy statement or notice of internet

availability of proxy materials to that address. Householding is designed to reduce a company's printing costs and postage fees. Brokers with account holders who are stockholders of the Company may be householding the Company's proxy materials. If your household participates in the householding program, you will receive one Notice of Internet Availability. If you are a beneficial holder, you can request information about householding from your broker, bank or other nominee. If at any time you no longer wish to participate in householding and would prefer to receive a separate proxy statement, annual report or notice of internet availability of proxy materials, please notify your broker if your shares are held in a brokerage account or us if you are a stockholder of record. We will undertake to deliver promptly, upon written or oral request, a separate copy to a stockholder at a shared address. You may notify us either by calling us at (615) 234-5900 or by writing to us at Surgery Partners, Inc., 310 Seven Springs Way, Suite 500, Brentwood, Tennessee 37027, Attn: Chief Administrative and Development Officer, and providing your name, your shared address, and the address to which we should direct the additional copy of the annual report or proxy materials. Multiple stockholders sharing an address who have received one copy of a mailing and would prefer us to mail each stockholder a separate copy of future mailings should contact us at our principal executive office.

Additionally, if current stockholders with a shared address received multiple copies of a mailing and would prefer us to mail one copy of future mailings to stockholders at the shared address, notification of that request may also be made through our principal executive offices. Stockholders who participate in householding will continue to have access to and utilize separate proxy voting instructions.

Stockholder Proposals and Nominations

Requirements for Stockholder Proposals to be Considered for Inclusion in our Proxy Materials. To be considered for inclusion in next year's Proxy Statement, stockholder proposals must be received by our Secretary at our principal executive offices no later than the close of business on December 8, 2022, which is 120 days prior to the date that is one year from April 7, 2022 (the date this year's Proxy Statement was first made available to stockholders).

Requirements for Stockholder Proposals or Director Nominations to be Brought Before an Annual Meeting. Our bylaws provide that, for stockholder nominations to the Board of Directors or other proposals to be considered at an annual meeting, the stockholder must have given timely notice thereof in writing to the Company's Secretary at 310 Seven Springs Way, Suite 500, Brentwood, Tennessee 37027. The Board does not have a written policy regarding stockholder nominations, but has determined that it is the practice of the Board to consider candidates proposed by stockholders if made in accordance with our bylaws. To be timely for the 2023 annual meeting, although not included in the Proxy Statement, the stockholder's notice must be delivered to or mailed and received by us not earlier than the close of business on the 120th day nor later than the close of business on the 90th day prior to the anniversary date of the prior year's annual meeting, except that if the annual meeting is set for a date that is not within 30 days before or after such anniversary date, we must receive the notice not later than the close of business on the tenth day following the day on which we first provide notice or public disclosure of the date of the meeting. Assuming the date of our 2023 annual meeting is not so advanced or delayed, stockholders who wish to make a proposal at the 2023 annual meeting must notify us no earlier than January 19, 2023 and no later than February 18, 2023.

Such notice must provide the information required by our bylaws with respect to each matter the stockholder proposes to bring before the 2023 annual meeting.
